

# HARVEST CREEK COMMUNITY UPDATE

DECEMBER . 2025

***Wishing all residents of Harvest Creek a joyful holiday season.***

*Please remember to have all Christmas decorations taken down by January 15<sup>th</sup>.*

**Snow Removal and Parking:** The snow removal crew will be onsite to clear the snow on our streets, driveways and walkways when there is more than 5 cm (2 inches) accumulation of snow. When needed, salt will be applied on the roadways. Keep in mind, salting becomes ineffective at extremely low temperatures. Residents are responsible for ice control on their own driveways and walkways. It is recommended to use a concrete friendly de-icer.

When major snowfall occurs, excess snow may have to be piled in our visitor parking areas. Therefore, we ask that you ensure your vehicles or those belonging to your guests are not parked in these areas during these times. Please keep parking lots clear as possible during the winter, so in case it snows they're clear to plow. Please keep in mind, the parking lots are for visitors, or very short-term resident parking only on needed occasions. For any longer-term parking (two nights or more), you are to contact a board member for a parking pass.

**Windy Garbage Days:** When putting out garbage and recycling, please make sure it is secured from being blown away during this windy, winter season. Loose garbage and recycling items become problematic when it ends up in the streets, neighbour's yards, and the creek. Some residents spend several hours each spring cleaning this up. This can be avoided by ensuring all garbage and recycling items are secured.

**Pet Waste Reminder:** A resident recently found a couple of small bags of dog waste left behind their home. That's definitely not cool — we all want to keep our neighborhood clean and respectful.

So just a quick reminder: if you're out walking your dog, please make sure to dispose of waste properly.

From all of us on the board- Dave, Rob and Chuck- we wish you a happy holiday season and a healthy, joyful New Year.
