

DATED - JULY 2020

FLAG STANDARDS FOR HARVEST CREEK 2020

A Canadian flag may be flown for Canada Day - two weeks prior and two weeks after Canada Day.

You can install a mount just above your garage doors and centered between the doors or in the middle of one door. In many homes there is stone above the garage door. In this instance, you may place a mount on your post furthest from the driveway if you have two posts or on your single post.
